ABB ACS880-M04-014A-5

R2 / 14 A

14 A machinery drive module

01 / EXACT PRODUCT IDENTITY

Type: ACS880-M04-014A-5
Supplied label reference: ACS880-M04-014A-5
Family: ACS880-M04

The -5 voltage class covers 380-500 V AC. The nominal output is 14 A; power ratings depend on supply voltage and load duty. The standard R2 module requires cabinet installation.

02 / Function and selection

ABB ACS880-M04-014A-5 is an R2-frame, 14 A machinery drive module for a three-phase 380-500 V AC supply. Its nominal motor-power rating is 5.5 kW at 400 V and 7.5 kW at 500 V. Select the rating for the actual voltage and load duty.

For replacement: include the full drive type code, motor nameplate, supply voltage, load duty, installed options and cabinet arrangement.

03 / Supply and quotation

Condition: New
Supply scope: Drive module only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: Amikon one-year supplier warranty under written terms.
Motor, external mains choke, control panel, communication options and other separately requested installation items are outside the drive-module supply.
