ABB PM510V16

3BSE008358R1

Processor module

01 / EXACT PRODUCT IDENTITY

Type: PM510V16
Supplied label reference: 3BSE008358R1
Family: Advant OCS

PM510V16 is the type designation and 3BSE008358R1 is the order reference. The front panel shows PM510V; the complete V16 identity and memory configuration require the board label and installed records.

02 / Function and selection

ABB PM510V16 3BSE008358R1 is a 16 MByte processor module for the Advant controller platform. ABB lists two 3BSC120004E6 SIMM memory modules and identifies a separate coated, marine-classified PM510MV16 variant.

For replacement: include the complete type and part number, hardware revision, installed controller software, rack arrangement and redundancy configuration.

03 / Supply and quotation

Condition: New
Supply scope: Processor module only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: Amikon one-year supplier warranty under written terms.
Controller rack, I/O modules, external power equipment and separately requested accessories are outside the processor-module supply.
