ABB IMMFP12

INFI 90 / Harmony

Multi-Function Processor Module

01 / EXACT PRODUCT IDENTITY

Type: IMMFP12
Supplied label reference: IMMFP12
Family: INFI 90 / Harmony

IMMFP12 identifies the processor module. Record the installed firmware revision, Controlway/module-bus selection and termination device before requesting a replacement.

02 / Function and selection

ABB IMMFP12 is an INFI 90 OPEN multi-function processor module for analog, sequential, batch and advanced process control. Its 16 MHz processor communicates with analog and digital I/O over the backplane I/O expander bus and supports a configured primary/backup processor arrangement.

For replacement: include the complete module type, hardware and firmware revision, installed controller and termination references, and channel configuration.

03 / Supply and quotation

Condition: New
Supply scope: Module only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: Amikon one-year supplier warranty under written terms.
The listing covers the module. Termination assemblies, cables, mounting hardware and other separately requested items are outside the module-only supply.

Technical reference: Elsag Bailey WBPEEUI230019A0. Sections 1-2, pp. 1-1 and 2-1-2-4.
Supplier-prepared purchasing brief; separate from manufacturer documentation.
