Siemens OP3

OP3

Operator Panel

01 / EXACT PRODUCT IDENTITY

Type: OP3
Supplied label reference: 6AV3503-1DB10
Family: OP3

The complete rear-label order number identifies the offered panel. Its project, controller and cable arrangement must be checked separately.

02 / Function and selection

The Siemens 6AV3503-1DB10 OP3 is a compact text operator panel for displaying controller values, messages and operator entries. Its physical keys and two-line display use a configured project and the documented serial/controller connections.

For replacement: include the installed label, receiving hardware, project or parameter requirements and required accessories.

03 / Supply and quotation

Condition: New
Supply scope: Operator panel only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: Amikon one-year supplier warranty under written terms.
The listing covers the operator panel. Cables, receiving hardware and separately required accessories are outside this supply.

Technical reference: Siemens 6AV3591-1AD00-1AB0 · OP3 Manual 11/99. §1.1.
Supplier-prepared purchasing brief; separate from manufacturer documentation.
