ABB SDCS-PIN-48

3BSE004939R0002 | Pulse Transformer Board

01 Product identification

Board designation: SDCS-PIN-48

Requested part number: 3BSE004939R0002

Service documentation: ABB DCS500 / DCS600 manual (3ADW000093R0801).

02 What to include with your enquiry

Provide the installed board label, converter type code and serial number.

State quantity, destination, required delivery date and board revision.

Confirm availability, condition, supply scope and warranty with Bestwell.

03 Before ordering a replacement

Confirm board role, drive variant and application or firmware requirements.

Use the ABB service manual for your exact drive and hardware revision.
