1761-L32AWA

20 AC inputs / 12 relay outputs

AC-input programmable controller

01 / EXACT PRODUCT IDENTITY

Type: 1761-L32AWA
Supplied label reference: 1761-L32AWA
Family: 1761 embedded control

The supplied label identifies 1761-L32AWA, Series E. Match the complete catalog number and installed application. The 1761 and 1766 controllers have different hardware and communication arrangements.

02 / Function and selection

1761-L32AWA is a 32-point controller with 20 nominal 120V AC digital inputs, 12 relay outputs and an AC power supply. The compact assembly provides an RS-232 serial interface and EEPROM program storage.

For replacement: include the installed catalog number, series, application backup, supply voltage, field input/output types and communication requirements.

03 / Supply and quotation

Condition: New
Supply scope: Controller only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: BESTWELL one-year supplier warranty under written terms.
Controller-only supply. External I/O, communication cables, mounting rail and separately required accessories are quoted individually.

Technical reference: 1761-IN001D-EN-P · June 2015. printed pp. 5 and 22-26 / PDF pp. 3 and 20-24.
Supplier-prepared purchasing brief; separate from manufacturer documentation.
