Yokogawa ATA4S-00 S2

16-Point Analog Terminal Block

CENTUM FIO | Product identification and purchasing

01 / EXACT PRODUCT IDENTITY

ATA4S-00-S2
ATA4S-00
CENTUM FIO

Use ATA4S-00 together with the installed hardware style and receiving I/O-module reference. Record the terminal serial label and wiring arrangement when requesting a replacement.

02 / Function and configuration

Yokogawa ATA4S-00 is a single 16-point pressure-clamp terminal block for CENTUM FIO analog modules. The -00 configuration is supplied without a surge absorber; S2 is the requested hardware style.

For replacement: include the installed terminal reference, hardware style, receiving FIO module and wiring photographs.

03 / Supply and quotation information

Condition: New | **Supply:** Terminal block only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: Amikon one-year supplier warranty under written terms.
Electronic I/O modules, separate cables and additional adapters are outside the terminal-block supply.

Include the complete model, quantity, destination, required delivery date and installed label photographs.
