2198-H008-ERS

single-axis servo drive

single-axis servo drive

01 / EXACT PRODUCT IDENTITY

Type: 2198-H008-ERS
Supplied label reference: 2198-H008-ERS
Family: 2198 single-axis motion

Match the complete catalog reference and hardware series on the installed unit. Application files, settings and separately required components are independent selection checks.

02 / Function and selection

2198-H008-ERS is a frame-1 servo drive with hardwired safe torque-off and 3.5 A continuous output current expressed as zero-to-peak. Output power depends on the connected input voltage and phase arrangement.

For replacement: include the complete product label, hardware series, receiving system, application requirements and separately required accessories.

03 / Supply and quotation

Condition: New
Supply scope: Drive only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: BESTWELL one-year supplier warranty under written terms.
The listing covers the identified product only. Cables, mounting hardware and any separately required accessories are quoted individually.

Technical reference: 2198-IN001F-EN-P · September 2023. pp. 2-6.
Supplier-prepared purchasing brief; separate from manufacturer documentation.
