25B-D010N104

variable-frequency drive

variable-frequency drive

01 / EXACT PRODUCT IDENTITY

Type: 25B-D010N104
Supplied label reference: 25B-D010N104
Family: 25B AC motor control

Match the complete catalog reference and hardware series on the installed unit. Application files, settings and separately required components are independent selection checks.

02 / Function and selection

25B-D010N104 is a 4 kW / 5 HP AC motor drive with 380-480V three-phase input, 10.5 A output and an IP20 open-type enclosure. The N104 configuration has no integral EMC filter.

For replacement: include the complete product label, hardware series, receiving system, application requirements and separately required accessories.

03 / Supply and quotation

Condition: New
Supply scope: Drive only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: BESTWELL one-year supplier warranty under written terms.
The listing covers the identified product only. Cables, mounting hardware and any separately required accessories are quoted individually.

Technical reference: 520-TD001I-EN-E · September 2025. pp. 9 and 14.
Supplier-prepared purchasing brief; separate from manufacturer documentation.
