3500/33 149986-01

16-Channel Relay Control Module

Product identity, configuration and supply scope

01 / EXACT PRODUCT IDENTITY

3500/33 149986-01

The spare table lists 149986-01 as the 16-Channel Relay Control Module. Record the rear I/O part number to determine standard/low-current and fail-safe contact options.

02 / Function and configuration

Bently Nevada 3500/33 149986-01 is the front 16-Channel Relay Control Module spare. It implements configured alarm voting logic in the 3500 rack; the separate rear relay I/O determines the contact and fail-safe output option.

For replacement: include 149986-01, exact rear relay I/O reference, AC/DC connected load, fail-safe or low-current requirement and programmed alarm logic.

03 / Supply and quotation information

Condition: New | **Supply:** Main module only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: BESTWELL one-year supplier warranty under written terms.
The listing covers the 149986-01 front Relay Control Module. Rear relay output I/O, field connectors and other accessories are separate items.
