Bently Nevada PWA123447-01

sampler circuit board

sampler circuit board

01 / EXACT PRODUCT IDENTITY

Type: PWA123447-01
Supplied label reference: 123447-01
Family: TDXnet condition monitoring

Match the complete catalog reference and hardware series on the installed unit. Application files, settings and separately required components are independent selection checks.

02 / Function and selection

PWA123447-01 identifies the TDXnet sampler circuit board spare reference 123447-01. The board is a component of the monitoring interface; system cables, communication hardware and power-supply requirements are separate.

For replacement: include the complete product label, hardware series, receiving system, application requirements and separately required accessories.

03 / Supply and quotation

Condition: New
Supply scope: Module only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: BESTWELL one-year supplier warranty under written terms.
The listing covers the identified product only. Cables, mounting hardware and any separately required accessories are quoted individually.

Technical reference: Bently Nevada 141553-01 · Rev. F · June 2009. p. 6.
Supplier-prepared purchasing brief; separate from manufacturer documentation.
