Siemens CUVC

6SE7090-0XX84-0AB0

Vector control board

01 / EXACT PRODUCT IDENTITY

Type: CUVC
Supplied label reference: 6SE7090-0XX84-0AB0
Family: MASTERDRIVES

Match every group of the order number to the installed board label. CUVC interface information belongs to the control board; converter mains and motor ratings belong to the receiving drive.

02 / Function and selection

6SE7090-0XX84-0AB0 is the Siemens CUVC vector control board for a matching MASTERDRIVES drive. It provides configurable digital and analog control connections, an HTL encoder interface and serial communication.

For replacement: include the installed board label, receiving drive type, hardware revision and required configuration.

03 / Supply and quotation

Condition: New
Supply scope: Board only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: BESTWELL one-year supplier warranty under written terms.
The listing covers the board only. Complete drives, motors, encoders, bus connectors and installation accessories are separate items.
