Honeywell TC-PPD011

Battery Extension Module

51309241-125 | Experion C200

01 / EXACT PRODUCT IDENTITY

TC-PPD011
51309241-125

Match the TC-PPD011 model and the complete part number on the offered unit. The manufacturer model list distinguishes uncoated TC hardware from coated TK hardware.

02 / Function and configuration

Honeywell TC-PPD011 is an uncoated Battery Extension Module for the Experion C200 chassis. It supplies rechargeable backup power to retain controller memory during a loss of chassis power. Match the battery pack and installed controller configuration separately.

For replacement: include controller model, chassis position, existing module label and battery-pack requirement.

03 / Supply and quotation information

Condition: New | **Supply:** Module only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: BESTWELL one-year supplier warranty under written terms.
The supply covers the TC-PPD011 module. Battery pack, chassis, controller and other accessories are outside the module-only supply.

Include the complete model and part number, quantity, destination, required delivery date and installed label photographs.
