# Honeywell 8C-PAIH52

## HART Differential Analog Input Module

51307070-175 | Series 8

### 01 / EXACT PRODUCT IDENTITY

8C-PAIH52
51307070-175

Use both identifiers on the unit label. The family designation alone does not establish that another differential HART IOM has the same electrical limits or receiving IOTA.

## 02 / Function and configuration

Honeywell 8C-PAIH52 51307070-175 is identified on the supplied unit as a coated Series 8 AI HART differential I/O module. It belongs to the analog-input signal path; match the complete module code, receiving termination assembly and installed configuration.

For replacement: include complete IOM and IOTA references, hardware and firmware revisions, channel wiring and redundancy arrangement.

## 03 / Supply and quotation information

**Condition:** New | **Supply:** I/O module only
**Dispatch:** Ready to ship; confirm quantity and destination.
**Warranty:** BESTWELL one-year supplier warranty under written terms.
The supply covers the 8C-PAIH52 I/O module. IOTA, field wiring, controller and other accessories are outside the module-only supply.

Include the complete model and part number, quantity, destination, required delivery date and installed label photographs.
