Emerson KJ4001X1-JA1

I/O Switchover Panel

DeltaV | Module identification and purchasing

01 / EXACT PRODUCT IDENTITY

KJ4001X1-JA1
12P1832X022
DeltaV

The supplied label identifies an I/O SWITCHOVER PANEL with part number 12P1832X022. Confirm the actual unit revision and installed circuit requirements together.

02 / Function and configuration

Emerson KJ4001X1-JA1 12P1832X022 is a DeltaV I/O Switchover Panel. The panel is a separate switching assembly in the I/O installation, with its own model label, control input and connection arrangement.

For replacement: include the panel label, revision, circuit ratings and installed terminal/wiring arrangement.

03 / Supply and quotation information

Condition: New | **Supply:** Panel only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: BESTWELL one-year supplier warranty under written terms.
I/O cards, carrier, external wiring and other accessories are outside the panel-only supply.

Include the complete model, quantity, destination, required delivery date and installed label photographs.
