ABB DSAI155A

3BSE014162R1

14-Channel Thermocouple Input Board

01 / EXACT PRODUCT IDENTITY

Type: DSAI155A
ABB order code: 3BSE014162R1
Family: S100 I/O

Match DSAI155A and 3BSE014162R1 on the installed unit. Keep the board revision separate from the article code and include the connection-unit and controller references when requesting a quotation.

02 / Function and selection

ABB DSAI155A 3BSE014162R1 is an S100 I/O thermocouple input board with 14 measuring channels, two reference channels and one compensation channel.

For replacement: include the complete model and article label, revision, controller or subrack reference, connection unit and signal configuration.

03 / Supply and quotation

Condition: New
Supply scope: Board only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: BESTWELL one-year supplier warranty under written terms.
Connection units, prefabricated cables, racks and other separately required assemblies are outside the board-only supply.
