330130-070-00-00

Bently Nevada 7.0 m Extension Cable

3300 XL | Product identification and purchasing

01 / EXACT PRODUCT IDENTITY

330130-070-00-00
Bently Nevada 3300 XL

Read all three option groups on the cable label. 070 identifies the 7.0 m cable length; 00 identifies standard cable; the final 00 is the agency-approval selection.

02 / Function and configuration

Bently Nevada 330130-070-00-00 is a 7.0 m 3300 XL extension cable. Its 00 option specifies standard cable, and approval option 00 specifies no agency approval. Match the cable and probe lengths to the Proximitor Sensor calibration.

For replacement: include 330130-070-00-00, probe reference and length, sensor reference and calibration, routing requirements and connection protection.

03 / Supply and quotation information

Condition: New | **Supply:** Extension cable only
Dispatch: Ready to ship; confirm quantity and destination.
Warranty: Bestwell one-year supplier warranty under written terms.
The listing covers the extension cable. Probe, Proximitor Sensor, monitor and any separately requested installation accessories are outside the cable-only supply.

Include the complete model, quantity, destination and required delivery date.
